

*"Carry Our Heart in Your Hand"*

Footsteps to the Future, Inc is offering this lovely key chain in honor of the wonderful young women we help now and hope to help in the future. Young women who age out of foster care at age eighteen without the necessary skills to become productive members of our community need all the heart and help they can receive.

The suggested donation of \$15.00 for one these beautiful key chains will help support the work of Footsteps toward its goals of mentoring and providing transitional living to foster girls in Lee and Collier Counties in Florida.

*"Carry Our Heart in Your Hand."*

I would like to carry your heart in my hand.
